_____

_____

To the best of my knowledge, I have answered all questions on this form as accurately as possible. I understand that providing incorrect information on this form could be hazardous to my health. I understand that it is my responsibility to inform the doctor and office staff of any changes in my medical status.

By signing this form, I give Foot & Ankle Consultants of Texas permission to give me medical treatment for my foot and/or ankle concerns.

- I understand I have the right to refuse any procedure or treatment.
- I understand I have the right to discuss all treatments with my foot & ankle surgeon

Please provide your initials next to each item below in which you will provide consent.

initials **E-Prescription Consent**

About e-Prescribing: This is a Physician's ability to electronically send an accurate, error free and understandable prescription directly to a pharmacy to reduce the chances of a patient obtaining an incorrect medication and improve patient safety. For this reason, Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. The Medicare Modernization Act (MMA) 2003 listed the following standards for e-prescribing:

Formulary and benefit transactions - gives the prescriber information about which drugs are covered by the drug benefit plan.

Medication history transactions - provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.

By signing this agreement, you agree to allow Foot & Ankle Consultants of Texas to send your prescriptions electronically, when possible.

initials **Allscripts Medication Search Consent**

Our office is able to use our Electronic Medical Record system and the Surescripts service to obtain a list of your medication history. We will still verify you are currently taking all medications listed and allow you to add to the list as needed.

By signing this agreement, you agree to allow Foot & Ankle Consultants of Texas to acquire your medication history list through Surescripts, other healthcare providers, and/or third-party pharmacy benefit payors for treatment purposes.

Understanding all of the above, I hereby provide informed consent to the items I have marked above. I have had the chance to ask questions and all of my questions have been answered to my satisfaction.

This consent will remain enforced until revoked or changed.
